Dear doctor Meselson.

Enclosure please find my article "The Geneve Protocole as a succes of Polish Dyplomacy" /sorry in Polish but in american journal/.

J have very important question to You: what is your opinion of gen. Kaługin's enuciation concern Sverdlovsk anthrax epidemie. As you known, J prepared an article /in press/ on this theme based on your data You had send me.

If Kaługin's enuciation is true, J could make some correct / or to send a supplement/ to my article as soon as possible. Sorry for this disturb, but this is very important for me to give the credible information in my article.

Sincerely

PS. Have You this Kaługin's enuciation and could You send it me?
